

All Makes

by Bendix CVS

Bendix® All Makes compressors are remanufactured to stringent specifications, OE level processing, and OE level quality requirements while leveraging our decades of engineering expertise and manufacturing know-how.

Superior Process:

- Cores stripped down, inspected, degreased, bead blasted, and then re-inspected
- Regrind & polish all crankshaft journal and bearing surfaces (parts that don't meet Bendix requirements are scrapped and replaced with new components)
- Cylinder bores re-honed to Bendix developed and engineered tolerances
- All new rings, seals, gaskets, springs, and washers installed

Superior Performance:

- Units re-engineered through OE expertise and design methods to develop controlled specifications, requirements, including comprehensive validation testing
- Every All-Makes compressor is 100% end-of-line tested to ensure optimal field performance and increased service life

Superior Coverage:

- Wide range of compressors covering all major truck brands such as Kenworth, Peterbilt, Freightliner, Volvo, Mack, Navistar and International at a competitive price
- One year warranty (two year warranty for EL1300 & EL1600 Midland), technical voice, & 24/7/365 online support
- A world wide network of field support (SWAT teams, field sales, technical specialists, and customer service)
