8/24/16

Dear Valued Customer,

Bendix would like to update you on some exciting new CORE information. First, please check out our new website that you can reach by going to Bendix.com, clicking on Services & Support, and then Cores. Here you can find the most current information on core freight, grading, programs, and processes, along with tools that can help ease the overall core process. This site is intended to make the core program and processes easier to navigate, and be a place to easily find what you need.

Bendix has published a new core handbook. The new handbook contains the most up to date core policies, such as newly updated:

- Hydraulic calipers should not be returned in their original boxes
- Hydraulic calipers are no longer graded for V-rail wear
- Mini-Master Cylinders have been obsoleted - Group 11, class 24 *effective 1/1/2017*
- AD9 and ADIP - Air Dryer & Air Cartridge upgrade promo is now policy
- Bendix core freight policy – effective 8/1/2016
- Core packaging

Make a literature request by copying, pasting, and completing this form with the quantities that you would like in an email to cores@bendix.com.

Company: _____		
Name: _____		
Address: _____		
City: _____		State: _____
Zip: _____		Phone: _____
Quantity	Form #	Description
	BW1020ALL	Core Handbook
	BW1299	Core Class Wall Chart
	BW1659	Hydraulic Parts Wall Chart
	BW1829	Orange Upgrade Tags
	BW7457	Brake Shoe ID Tool Wall Chart

Should you have questions that are not addressed by the website or handbook, please contact the Core Team at cores@bendix.com or call 440-329-9298.

Sincerely,
 The Bendix Core Team
