

Bendix Core Shipments

How to get shipment login & password:

Please contact BendixCores@ryder.com for access to the LMS (Logistics Management Suite) shipment entry. Information required for set up:

- Bendix Customer number. Email cores@Bendix.com if you need your account #.
- Contact information: Name, Email, Company Name, and Phone Number
- The email address used for registration will receive the BOL and be linked to the login
- Address for Shipping location and shipping origin time zone

You will receive 2 emails from noreply@ryder.com. Please ignore these emails. There are no additional steps or links necessary to complete the registration process.

You will be notified by BendixCores@ryder.com when the account is set-up and provided with log-in information, which includes the email address and password. This will allow you to schedule a return to Bendix. It is only necessary to register one time for access to shipment entry, not for each shipment.

If at any time, your log-in or password is lost or needs to be reset please contact BendixCores@ryder.com or 248-699-7932.
