# 2021 Bendix Training Classes

To address market demand, Bendix is expanding availability of its **Bendix Advanced Technology Training** (2-day) class launched in 2019. This highly attended course rounds out the Bendix training schedule which also includes the tried-and-true **Bendix Air Brake Training** (3-day) class.

Air Brake Training Classes

***The Air Brake Training class is tailored to new & experienced technicians.***

Curriculum includes the fundamentals of compressed air; tactics for air system failure mode diagnosis and troubleshooting; and air brake system and foundation brake components, including air compressors, valves, foundation drum brakes and air disc brakes. This all-inclusive course incorporates description, operation, and service elements for the total range of components within dual air brake systems. ***Note that depending on the student's technical knowledge, Bendix recommends that each participant complete the online air brake training on [brake-school.com](http://brake-school.com) before taking our in-person Air Brake Training (3-day class)\*.***

Advanced Technology Training Classes

***The Advanced Technology Training class picks up where the Air Brake Training ends\*.***

This class covers the operation and troubleshooting of advanced safety systems and software. Topics include Antilock Braking Systems (ABS), the Bendix® ESP® full stability system, Bendix® Wingman® Advanced™ – a Collision Mitigation technology, AutoVue® – lane departure warning system, SafetyDirect® – a web-based vehicle monitoring system, our flagship Bendix® Wingman® Fusion™ driver assistance system family, the SmarTire® and SmarTire Trailer-Link™ Tire Pressure Monitoring Systems (TPMS), and more. Class time includes in-depth, hands-on maintenance for Bendix® air disc brakes and electrical diagnostics. ***The increase in technological advances in braking and stability makes this a training must for the advanced technician.***

\*Due to the quantity and complexity of the products covered, Bendix **highly recommends** that each student complete the Bendix Air Brake Training (3-day) class, or at minimum, the online brake school at [brake-school.com](http://brake-school.com), **before** taking the Advanced Technology Training class. Classes include classroom lectures and/or practical hands-on exercises, plus visual aids to demonstrate the components and related systems. All locations feature operational demonstration boards.

Bendix® Online Air Brake Training  
(Available on brake-school.com)

Bendix® Air Brake Training  
(3-Day Class)

## United States Locations

Training offered in shaded states.  
(Bendix Advanced Technology Training is offered exclusively in Nevada and Ohio.)

Class sizes are limited and enrollment is on a first-come, first-serve basis.

Register:

- by phone 1-800-AIR-BRAKE, (1-800-247-2725, option 3);
- by email, [BendixTrainingSchool@hkm.dcgcentral.com](mailto:BendixTrainingSchool@hkm.dcgcentral.com);
- by fax, (216) 651-3261; or
- online at [bendix.com](http://bendix.com) or [foundationbrakes.com](http://foundationbrakes.com).

See the registration form on the back page. Refer to the unique class code per location when completing your registration.

The cost for the training class, per attendee, is \$450 (US) for the Air Brake Training, \$400 (US) for the Advanced Technology Training and \$300 (US) for the Virtual Class.

### Your Well-being Matters.

All in-person training adheres to the latest safety, health, and sanitization protection protocols, as applicable, including social distancing and face masks. All state, local and company-specific travel restrictions apply. Travelers who have not been fully vaccinated and who are coming to a Bendix school by air must quarantine upon arrival or present the results of a negative COVID test within 72-hours of travel. To avoid this quarantine or negative test requirement, travelers who are fully vaccinated must provide proof of vaccination prior to arrival. The above requirements are not applicable for those who travel to a Bendix school by car. As requirements surrounding COVID-19 precautions evolve, please confirm all requirements with Bendix prior to the start of each scheduled session.
